

with... **CONNECT**

SoftChalk 6 is the easiest way for educators to collaborate and create engaging, portable, standards compliant learning content.

Collaborate with colleagues – SoftChalk 6 is the preeminent “Open” content authoring solution.

- “One-button” publishing to Sakai™ and MERLOT™
- Creative Commons Licensing for authored content
- 508 compliant, accessible authored content
- Easy metadata creation for authored content
- “Open” technology partners include MERLOT™, CONNEXIONS™ and the IMS Global Learning Consortium™

Publish and Exchange – Your content has never been more portable.

- “One-button” publishing to Blackboard™, Sakai™, MERLOT™ and other learning/content management systems
- Quiz pool Import/Export – Import and export your SoftChalk quiz questions into Respondus™ and Blackboard™ quiz pool formats
- Executable Lesson Packaging for PC and Mac platforms – Create a single file to “play” your lesson
- IMS™ Common Cartridge packaging for lessons and eCourses

Manage content with Library and Media Search tools.

- Save and re-use Quizpoppers, QuizGroups and Activities between lessons
- Organize your images, videos, activities, Quizpoppers and other media in the enhanced SoftChalk Library
- Discover media for use in lessons using the repository selections found in the Media Search tool, including Luna™, Gallery Systems™, CONNEXIONS™ and World Images™

Engage your learners with an expanded set of learning activity templates (18 total distinct activities) and options. New SoftChalk activities include Jigsaw Puzzles, Tabbed Info, Did You Know and Charts.

CONNECT is SoftChalk’s online community and Learning Object Repository where educators can create, explore, share and deliver learning resources for enhanced teaching and learning.

- Create lessons, eCourses, QuizGroups and interactive Flash Activities using SoftChalk, then publish them to CONNECT as Reusable Learning Objects (RLOs) for personal use or to share with others in lessons, blogs, web pages and more
- Create Polls and Ratings in CONNECT to embed in your learning materials
- Explore CONNECT to find RLOs shared by other SoftChalk users for use in your own learning materials
- Organize your personal collection of RLOs by creating and managing folders in CONNECT
- Control access to your learning materials using CONNECT groups. Set privacy settings to limit access to one or more of your RLOs for each of your groups
- Collaborate with other SoftChalk users by reviewing and discussing RLOs published in CONNECT

Create your FREE SoftChalk CONNECT account today and discover how easy it is to create and share Reusable Learning Objects in an online community designed for educators!
